**Dizzy Gillespie and the  
United Nations Festival  
Superband, featuring  
Monty Alexander, James  
Moody, Slide Hampton,  
Sam Rivers, Jon Faddis.**

*The senior statesman of the jazz trumpet, Dizzy performs as leader, raconteur and occasional soloist. But the real interest lies in the super-sidemen: The gorgeous rhythmic piano of Jamaican-born Monty Alexander, the burnished virtuosity of trumpeter Jon Faddis, the humor of James Moody and the improvisational genius of Sam Rivers, both on reeds.*
